## ARPA NATIONAL HEADQUARTERS

**Best Western University Inn**

**1503 N 12th St**

**Murray, KY 42071**

**(270) 753-5353**

**MAKE YOUR RESERVATION BY  
SEPTEMBER 15 2016**

**BLOCK UNDER  
AMERICAN RED POLL ASSOCIATION**

### SALE TERMS & CONDITIONS

**TERMS:** Terms of the sale are cash unless other arrangements are made with the individual owner before the sale. The auctioneer will settle any disputes as to bids. Each animal will be sold to the highest bidder without reservations, will be the property of the purchaser and at the purchaser's risk as soon as sold, and can be moved after settlement is made.

**REGISTRATION CERTIFICATES:** All consignments are registered in the Herd Book of the American Red Poll Association. Certificates of registration will be furnished with transfers recorded, free of extra costs to the buyers upon sufficient payment of the lot.

**HEALTH PAPERS:** All cattle will have health papers required by the Commonwealth of Kentucky. Some states require permits and some Trichinosis tests. The American Red Poll Association encourages consignors to have fertility tests and Trichinosis tests performed on all bulls over 1 year of age. A Veterinarian will be on hand to reissue health papers. It is advisable to know your own state's health requirements on bringing cattle in from out of state.

**CONSIGNOR'S RESPONSIBILITY:** The seller is the responsible party for all representations made about his cattle. The management of the sale assumes no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and seller.

**GUARANTEE:** This sale will be conducted under the Red Poll Breeding Guarantee.

**LIABILITY:** The Murray State University and the American Red Poll Association act as sale agents only for the consignors of this sale and assume no liability as to accidents to or by any animal. The guarantees given above are made by each consignor for his own animals which are selling.

**INSURANCE:** Insurance is highly recommended to cover from the time of purchase until the time of delivery. Insurance will be available through American Livestock, Inc. Please see clerk for your insurance needs.

**TRANSPORTATION:** The owners and Sale Management will assist the buyers in hauling their purchases but the ultimate responsibility is the buyer's.

**ANNOUNCEMENTS:** Announcements made from the auction block take precedence over printed information. Any known breeding dates not listed in the catalog will be given on sale day. Unless otherwise noted in the sale catalog or announced from the auction block, each animal is sold as sound.

**MAIL OR PHONE BIDS:** Mail or phone bids will be handled in a most confidential manner. If you are unable to attend the sale personally, please contact the American Red Poll Association representative, auctioneer or breeder of your choice. All parties making a phone or mail bid must register with the American Red Poll Association by Friday, September 23 providing banking references.

To Preregister for a Phone or Mail Bid  
Call 765-425-4515 by September 23  
And Provide Banking Reference

**Banquet Reservations  
Due September 15th**

J. L. Morrison  
3230 Woolwine Highway

area 4-H and FFA members  
4 PM Viewing of Sale cattle  
7-10 PM Banquet at the Curris Center (Student Union)  
\$20.00 per person  
Reservations due September 15th.

## Sunday October 2

9:30 AM American Red Poll National Sale

*Thank you for your interest in the 72nd National Red Poll sale as well as our national membership meeting for the American Red Poll Association. We are looking forward to you joining us for this great event that will showcase the excellence in the Red Poll breed.*

*I am extremely excited about this year's sale and the quality the breeder's have brought. The passion for this breed for their cattle is second to none! The breeders have brought their best this year to have the largest offering of Red Poll cattle in a very long time.*

*The national cattle herd numbers are still below the numbers from the fifties. As breeders start building those national numbers up, the Red Poll breed is in high demand.*

*The Red Poll breed is known for its maternal traits producing ample supplies of milk. They are docile, quiet and fertile. These traits make them the perfect choice for both small and large operations.*

*Take a look at the consignments in this catalog. You will not be disappointed. Feel free to contact any of the consignors to find out more information on their animals,*

*We look forward to seeing you on October 2 in Murray Kentucky for one of the best Red Poll offerings to date!*

**Kaye Gilbert  
Executive Secretary**

*JB's Powerhouse Jan offers great genetics. Her dam was purchased from Young's Red Polls and has not disappointed us. Young's JR Tita has great maternal instincts, plenty of milk and great udders. We expect these traits to be passed on to JB's Powerhouse Jan. Her sire is Glen's Powerhouse Lancelot. He is by Lazy's Powerhouse out of Doll's "C" Intrigue. We have tried to insert some of the best genetics into our herd for quality stock. Glen's Powerhouse Lancelot has the best temperament you could ask for in a bull. He is good, all around bull that passed his best genetics to his offspring. Our cattle are all pasture raised and fed a 14% pelleted feed once or twice a week just to keep them loving to see us. Vira Shield 6+ lbs HB, Alpha 7mbl, Long Range wormer*

*GS Marc Ramona is from the top of our herd. No grain ever. GS Marc Ramona is from the top of our herd. She is her dams 2nd calf. Her maternal granddam, GS Special Ramona has had 13 calves at 14 years of age. She was 2000 Reserve National Champion. Her pedigree is heavy with Marc functional grass based genetics, growth, functional in the real world, with plenty of milk, conformation and longevity. Sire Marc Raymond 26026 is one of the most popular bulls in the breed. Her yearling weight as of 7/12/16 was 775 pound!*

*Shuter's Cecilia is a little bit of a different twist from our normal genetics. She comes to us out of a good young Doll bred cow we purchased as one of the higher selling females in a past National Sale. We have really high hopes for this Doll cow to bring a new line of genetics into the program. Another Fuzz daughter. The ones we have kept are making awesome cows and we certainly expect the same here. Her progeny by Carter should be just the ticket you need to pay for this investment pretty quickly. Don't miss what we think is a really good young female.*

*Shuter's Countess and the calf she is carrying are a testament to the breeding of the late, great Marshall Mohler. Countess's mother came to us in the purchase of the last of the Mohler herd and raised this little beauty at the age of 14. She stacks our powerful Fuzz bull on the top side. Countess is another very feminine female that is sound on her feet and legs. We think the calf she is carrying could be pretty special. Don't miss this opportunity to reach back in time and sample some tried and proven genetics for yourself.*

*Shuter's Cadence is another Marshall daughter that we are offering, this time out of the WFB 603 cow we sold in the 2015 National Sale. 603 was the dam of the popular 2011 Reserve National Champion Female for Garrett Loves. Cadence was another 4-H project for a neighbor. We bred all our heifers this year to Shuter's Carter, our new Junior Herdsire by Pinpur Vintage 72 out of a Esquire's Rolex cow we bought from Phil Wyrick back in 2004. Carter may be the deepest bodied, easiest keeping bulls we have ever raised. We expect his genetics to work really well in grass based scenarios. Here is your chance to get in on the ground floor on these exciting genetics.*

*It's only due to our desire to help support the National Sale that we have entered this little beauty. We purchased her from the Broken Brick Farm of Linda Hampton through the past National Sale. Another deviation from our normal genetic offerings, her mating to Carter should be just the ticket. L151 traces to John Roger's Starletta and Fancy cow families, a couple of his best. Her over 600 lb weaning weight on grass and her momma's milk with no creep isn't anything to sneeze about either. Buy with confidence, the Roger bred cattle are bred to flat get it done, from the pasture to the rail.*

*Shuter's Mabel is sired by Shuter's Marshall and out of our WFB Daisy cow line, one of our most successful cow lines on the farm. Marshall was the sire of the popular 2015 National Champion Female and the cow family is the same as the 2014 National Champion Female. Mabel has been a 4-H project for a neighbor kid the last couple of years and is as quiet and friendly as you can make one. She is a long bodied, sound moving female that is pretty impressive from the side. Her pedigree brings in some of our best genetics and the calf that should be at her side by sale day should just be icing on the cake. To help open additional options, Mabel will be entered into the National Show at the North American and you are welcome to take her and exhibit her once you get her purchased. We certainly think she could be rather competitive.*

*Here is a real structurally correct Dolls C Knight daughter that is bred to MFF Sheldon due in late Dec/early Jan with her second calf. When this heifer gets moving you can't help but like her as she hits her tracks and all four feet are pointing straight ahead. She's A clean fronted, big boned, bold ribbed cow that is out of a massive made cow from Shuter Sunset Farms. Selling her young so she has many years of production left.*

*This Y2K Compatible daughter is one that is gonna be a hard one to let go. Amanda has raised a good heifer the last 4 years, one of which we sold at the KY Beef Expo to the Koch family in Indiana that I considered to be one of the best fronted, nicest profiling heifers we had raised. She's a cow that is extremely long designed. One that is super extended through her front 1/3 and is about as long hipped as I've seen. With her smooth shoulder design, plenty of rib shape, that muscle the Jackson cattle are known for, and a beautiful udder, it's all a recipe for front pasture type of cow.*

BW	WW	YW	Milk
1.5	15	24	5

*This Doll's C Knight daughter is a real moderate framed type of cow that is one my eye is always drawn to in the field. One that is extremely big ribbed and bold middled and gets around the pasture as good as any. She steps down on a good set of feet and legs with all four feet pointing straight ahead. This cow descends from the matriarch of our herd, Youngs King C A, and this is the first time we have sold anything from that cow family. Knight C's full sister was champion bred and owned female at the NAILE for me in 2014 as well as division champion in 2015 at the NAILE. Selling with a super nice bull calf that has me and dad real excited. He is one that is as clean fronted, stout footed, and as big hipped as we have ever had. Can't wait to see how he grows for his new owners.*

*This daughter of Dominator OC 705 has been a donor cow exclusively at Sugar Creek Farms. She is a massive cow, having been maintained on strictly grass and hay, and she has a wonderful disposition. On her first flush, at REI in Stillwater OK she had 13 embryos and 7 were retained and frozen. She will be flushed until sale date and crossed with Esquire's Rolex. We anticipate well over 20 embryos. She will be a wonderful addition to anyone's breeding program.*

**Also selling multiple packages of embryos out of this donor dam!**
