Kim cell: (620) 762-0575 • e-mail: sidewayzcattleco@yahoo.com

On behalf of the family of Steve Scott, we say **THANK YOU** to our Red Poll Family.
We cannot begin to say how much you mean to our family.
We thank you for the prayers, phone calls, cards, visits, memorials and support in the loss of a very important man in our life.
The tribute to Steve at the National Sale in Sedalia with the memorial ribbons, the stained glass heifer and the overalls that Brent presented was so overwhelming.
We don't know anyone that had more fun out of life and could put a smile on your face than Steve could. Please keep your memories of him close to your heart and just know that he is in a much better world. This is how we get through each day. Steve was, as Beth Woods quoted in her card, "A big man with an even bigger heart."
Please continue your prayers for our family.
God Bless you all!

THANK YOU!!
Lorrie & Kim Scott and Chris & Becky Perdue
Neal & Shirley Scott and family

Thank you to our buyers at the National Sale in Sedalia, Missouri
Don Latte, Olean, MO - James Campbell, Granby, MO
Cecil Anderson, Russelville, MO - Doll's Red Polls, Union, KY
Rolling Prairie Ranch, Hatfield, MO for buying ½ interest in Lazy S Troubador

"A HERD 32 YEARS IN THE MAKING"

WIESE FARMS

Cows grow fat on summer pasture. We calve in the fall and take the calves off the cow in early July. Our cows wean off heavy calves and have the capacity to do well on grass alone.

Our Junior Herd Sire **GS Bellringer**, pictured at 28 months of age and weighing 1,750 lb. He is a very correct bull and will add quality to our cowherd. We will have his first calves on the ground this fall. Come and take a look at him and his offspring.

The welcome mat is always out for you to visit!

Wiese Farms purchased their first Red Polls in 1927 and they have been a part of our lives and our farming and ranching success ever since. Red Polls have many fine qualities to contribute to the beef business. Our hope for the future of the Association is that more people come to recognize the mothering ability, the docility, the ability to do well under adverse conditions, and the quality of the finished product for the consumer that is inherent in our Red Poll breed.

We will see you in Sedalia for the National Sale and Meeting on the weekend of October 24-25th. We are supporting the sale with 2 bred heifers of excellent quality. We would be glad to send you pictures of them by e-mail if you would like a preview.

Wiese Farms encourages all breeders to register their females and bulls kept for breeding, and transfer all they sell. We support Complete Herd Reporting to advance the quality of our herd and the breed, and encourage everyone to send in all carcass information that you are able to obtain.

Wm. Wiese & Family

Bill and Angie Wiese & Brian and Jill Hiebert

12214 E. Parallel Road, Haven, KS 67543 • (620) 465-3865 or (620) 802-2169 • e-mail: wmwiese@speednet.net

Our Senior Herd Sire **SHUTER'S FLAME** is pictured at 3 years of age. We used him heavily the past 2 years and have been impressed with his calves.

Come see us for your herd sire needs. We have a nice selection of bulls to choose from; both yearlings and 2 year olds. They are halter broke, performance tested, fully vaccinated and DNA tested. We invite you to select your future herd sire while the selection is the greatest. We are happy to send you pictures and information by E-mail or Postal Service.

Thanks to recent purchasers of our cattle

Wes Bales, MO

The Wilfords, MO

Our cattle are at **Home on the Range**

Meet Dominator OC 705. ADG over first 20 months was 3 lbs/day. His rib eye area at 1 year was 1.35 sq. in. / 100 lbs. He had no weight loss after 3 months breeding cows while on range grass only. That's the way we expect our bulls to perform, and they do. Contact us if you're looking for more bull power for your herd.

Selection Through
- performance testing
- gain & carcass testing
- genetic potential testing

President's Message

Hello Everyone,

I can't believe that it is February and I am just now experiencing my first snow of the winter!! I guess that is what I get for spending time out of the country.

It will be June before we know it and we need to get ready for the junior show. I know that the juniors have some ideas for the NAILE next year to make the Red Polls stand out. One idea was to put Christmas lights up on all the stalls and a banner up saying "Spot Light on Red Polls". Another was to have matching shirts when we show.

I have to say I love all these ideas. I recently came back for NBCA convention. I went with the Mizzou Collegiate CattleWomen. There where 27 of us all in matching pink shirts on the first day and we made a mark with those shirts the rest of the week. So those are some ideas let me know what you all think!!! We have more opportunity now then every to push the Red Poll breed. We can do all these suggested things like make a banner and plan all this at the junior show if everyone is in agreement.

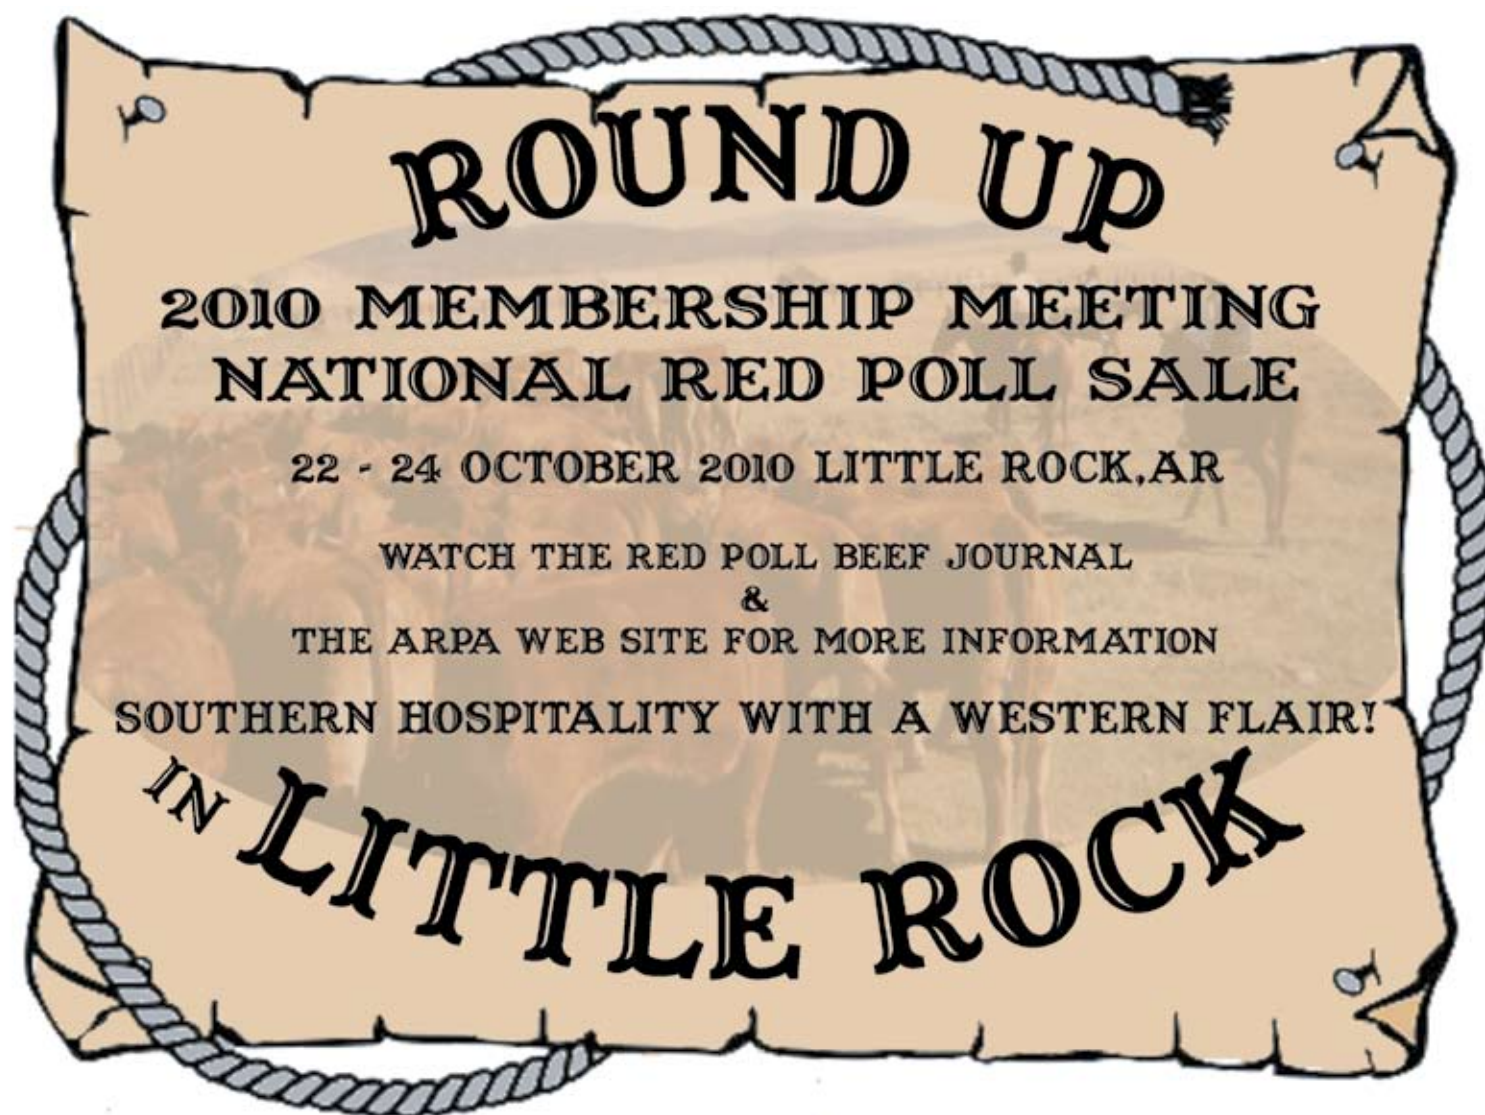

I hope everyone had a safe and wonderful Christmas and New Year!! I know I did in Thailand!! I can't wait to see everyone again at the junior show in Kansas. Hopefully I can make it out to Kentucky for the expo to see and discuss more with the juniors.

We all need to work together to make this breed as successful as possible!! So let's go put a "Spot Light on Red Polls"!

Sawadee Ka
(Goodbye in Thai)
Alicia LePage

Blue Ridge Plans Spring Field Day

"The Spring Blue Ridge Red Poll Association meeting and field day will be held at 9:00 AM, Saturday April 24th, 2010 at Wilkshire in Burlington, North Carolina. Jeff Wilkins and Family wish to extend an invitation to all Red Poll Breeders as well as anyone interested and able to attend. The schedule will include brief sessions and programs by multiple speakers that pertain to the operations and goals of the farm. Following a catered lunch, a farm tour will be given that encompasses the herd and forage programs. We hope this event will be a successful forerunner for the National Fall Round Up in Little Rock. For more information, email Jeff Wilkins at jdw.wilkshire@gmail.com or call at (336)538-0888. Please mark your calendar and we are looking forward to seeing you all.

You are Invited to the “Round-up in Little Rock”Sale”

Next October, the National Sale and Meeting will be held in Little Rock, AR. I want to extend a personal invitation for all Red Poll folks to join us for fellowship, education, entertainment and a big sale of the country’s best Red Poll genetics. A warm, Southern hospitality with a Western flair is planned. More information will be coming. Mark the dates October 22, 23 and 24 of 2010 on your calendars.

You all come now, you hear!

Phil Wyrick

Mike Parks
ARPA President

PRESIDENT’S MESSAGE

Greetings to all of you. I hope your new year is filled with love and excitement! The best day of your life is the one in which you decide that YOUR life is your OWN! Today is the day that your life really begins. Enjoy every today that you are given this year.

I’ve spent the past four months telling many of our members to please be patient....we’ll get there. Well folks, we ARE here! As of February 1st, all of our business will be conducted under one roof in Louisville, Ky. Your Board is excited about the challenges and opportunities that are ahead of us.

We understand that there will be the possibility of a few glitches along the way, but we expect them to be minor and easy to handle. In fact, you’ll probably still have to be patient with us from time to time. Let’s charge forward!

A deep and appreciative THANK YOU is needed. KPC made the transfer of our records to John & ABRI on a timely basis. Their professionalism throughout this process has been very welcome. Ken Harwell and John & Genny Gerow have worked tirelessly together to get this project done. The Committee in charge of this project has answered the bell every time when called upon. For many years to come, we as an Association will appreciate all that has been accomplished in the past few months...THANK YOU to all who were involved.

Let’s now move forward as a group. Each member is challenged to record more calves than you did last year and create at least two new members for our roles. If each of us does this small thing, your ASSOCIATION will thrive and prosper! Let’s have a great year!

Lone Star State Show Winners

Diamond R Amanda

Ron Roberts holds Diamond R Amanda, Reserve Grand Champion Female at the East Texas State Fair, Tyler, TX. Texas Red Poll Queen, Mary Brown holds the ribbons and breeder, Pam Roberts stands next to Judge Allen Smith of Caldwell, TX

Rockin C Joey

Rockin C Joey took Grand Champion honors at the Washington County Fair, Brenham and East Texas State Fair, Tyler. Joey's owner, Arthur Carpenter holds the trophy next to Judge Allen Smith. Mary Brown, Texas Red Poll Queen holds the ribbons.

Rockin C Baron

Texas Red Poll Queen Mary Brown showed Rockin C Baron to Reserve Grand Champion at both the Washington County Fair and the East Texas State Fair. Arthur Carpenter, the bull's owner is shown with Ron Roberts and Judge Allen Smith.

Well Done Texas!!

"Roundup in Little Rock" Sale

Dan Schmiesing, National Sale Committee

In the old west ranchers would get together for their yearly roundup. What did this involve? They had a specific job to get done but both before and after there was time for fellowship, camaraderie, and good times. We hope to mimic this when we have the Red Poll National Membership Meeting and National Sale. Before and after the meeting and sale we will have the good times of an old fashion roundup. So everyone mark your calendars for October 23-25, 2010 for the Roundup in Little Rock Sale.

At the end of the first decade of the 21st century we are promoting a new concept for the national sale. In addition to the usual halter-broke cattle we are offering the opportunity for non-halterd cattle to be sold in the same sale. The social part of the Roundup is also unique, ranging from the hospitality room to the Clinton Presidential Center.

All the event sites are within four miles of the Headquarters Hotel where we have obtained a special rate of \$49.00. This includes a continental breakfast which makes it an even better deal. The hotel is only a few miles from the Little Rock Airport which has connective to flights from anywhere in the world. If you are planning on flying to Little Rock, let us know your travel details and we will provide free shuttle service from the airport and to all the weekend events. This is especially true for any international visitors. A special invitation has been extended to Red Poll people throughout the world to join us at the Roundup. Visiting with our international Red Poll friends is, in itself, very rewarding. The sale site and the Esquire Ranch are less than two miles from the hotel. The sale site also has RV hookups if you want to bring your camper.

The Hospitality Room at the Esquire Ranch will be open Friday afternoon and throughout the weekend as needed. The festivities will begin with a cookout at the sale site on Friday evening. You can walk over and view the sale cattle if you desire. But do not get too involved because we will have professional cowboys give us a demonstration of calf roping. If you have never seen this before, it is amazing how much practice, hand to eye coordination and timing is involved. We might even talk them into showing us the basics on how to lasso a cow. Have you ever seen mutton busting-a thrill every second. Bring the youngsters and let them try. Make sure you do not have your drink glass too full because you will spill it all over the place as you laugh so hard your sides hurt.

The Annual Membership Meeting is scheduled for 9:00 AM Saturday morning. Depending on the length of the meeting, the tours are tentatively scheduled to depart the hotel at 10:32 AM. One tour will head downtown Little Rock to the famous Rivermarket. There you will find a variety of unique shopping and eating experiences. From there it is only a few blocks to the Historic Arkansas Museum and Plum Bayou Farmstead. A few more blocks and you arrive at the Old State House Museum. Three blocks in the other direction is the Clinton Presidential Center and the World Headquarters of Heifer International. (We are working on obtaining a small bus or van to transport people. This should make it easier to cheaper than everyone driving separately. See the next issue of the RP Journal for more details.) Plan your time accordingly because at 3:30 PM we will head back to the hotel so you have enough time to get ready for the western style barbeque commencing at 5:00 PM at the Esquire Headquarters. It is less than two miles from the hotel and is free to all. Live entertainment is being planned. So come prepared for a relaxing evening with all your Red Poll friends.

The other tour will stop at the barn at the Esquire Ranch for a short educational seminar. This will be followed by a light lunch which will be a fundraiser for the Junior Red Poll Association. We will then depart for a wagon tour of one of the ranches and herds of the Esquire Land and Cattle Company. The Wyrichs philosophy of managing the land and cattle will be explained. There will be plenty of time for questions and discussions. The tour will conclude at 3:30 PM to give everyone time to get ready for the free western style barbeque and live entertainment at the Esquire Headquarters.

Sunday at 10:00 AM a unique Red Poll sale is planned. As usual there will be an exhibition of the haltered cattle stalled in a large tent. There will be adequate room for consignors to make a nice display of their cattle. This year we are trying something new. We will have non-halterd cattle on display in pens with adequate space around the pens for viewing these cattle. The amount of grooming will be left up to the consignors' discretion. Water, electricity and adequate space are available for all consignors.

Both the haltered and non-halterd cattle will be sold through the same sale ring with age determining the sale order. We are hopeful this arrangement will increase the number of cattle as well as the diversity of the genetics offered for sale. Some people do not have the time and/or expertise to halterbreak cattle for a show. This format will make it possible for them to become part of our National Sale.

The "Roundup in Little Rock" Sale has something for everyone. The events have been planned to provide a broad spectrum of entertainment with plenty of time for socializing and just having a good old time. We have tried to keep it affordable for both the consignor as well as our guests. This ranges from a negotiated \$49 hotel room with free continental breakfast to a free barbeque meal and entertainment at the Esquire. All the events are within a few miles of the hotel for convenience. We will have free shuttle service for people flying into the airport. The committee will do a lot of the mundane tasks like setting up the facilities and the sale ring as well as clean-up after the event. All of this is to hold the costs down for our consignors. Phil and BJ Wyrich have donated the use of their facilities as well as enlisted a bunch of their friends to help us. Phil has acquired some donations to help with some of the out-of-pocket expenses. All this will allow us to expand our advertising.

The goal of the "Roundup in Little Rock Sale" is for everyone to have a relaxing and memorable time while having the chance to expand or upgrade their herds with high quality cattle. The unique configuration of this sale will help fill this goal.

So everyone mark your calendars for October 23-25 for the 2010 Red Poll National Meeting and Sale in Little Rock, Arkansas. We will see you at the "Roundup in Little Rock Sale!"

From the Desk of the Executive Secretary

I have always heard that it's better late than never – so here is the Spring RPB, a little late, but here none the less. We ran out of both time and paper, so we will have to revisit the Membership Meeting in Sedalia and some of other highlights of the National Show in the Summer issue.

Dam Inventories and Breeding Worksheets for CHR will be going out in the mail the week of February 15. If you don't get yours by March 1 call us!

And speaking of calling us; when you do call us, PLEASE leave a message so I can return your calls. I can't always answer the phone during the day – and sometimes in the evenings I am out in the pastures, but I will call you back as quickly as I can.

We will begin processing registrations and transfers after the 15th of Feb. Let us know if you have registrations that you need for early shows, or if you have paperwork that has been hung up in Lake Ozark. We will try mightily to get things in order as quickly as we can.

Sometimes simple things take a little longer than we might like – the new ARPA web site will be on line soon. Keep checking – one of these days, I think that you will have a pleasant surprise!

A little help please! We are looking for a complete list of Red Poll Queens. If you can help us out, we'd sure appreciate it.

2010 is going to be an exciting year for our Red Poll Family. We already have the KY Beef Expo, the Blue Ridge Association Field Day, the Indiana RP Association Field Day, Jr. Preview Show, Roundup in Little Rock and the 100th National Show on the Calendar. Gennie and I are really looking forward to spending time with you all throughout this next year.

We're dealing with cold and snow here in the Bluegrass, but the cows are maintaining condition and getting closer to calving. Gennie and I spent last Saturday fixing fence in the blowing snow to finish setting up the calving pastures. I'm looking for the first robins and the last of the snow. At the risk of wishing my life away, I am really ready for spring!

Hoping that you all are well, that the cows are fat and that the calves all come lively.

John E. Gerow
Louisville, KY

From our Queen

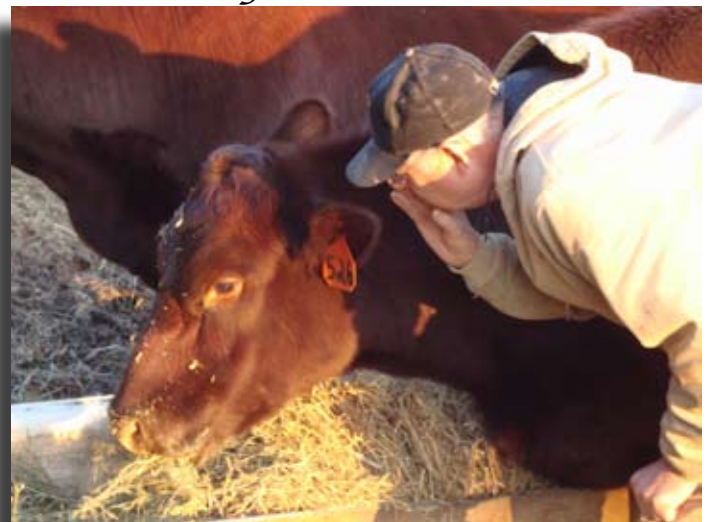

Hope everyone is doing great! I am Megan Jackson and am 19 yrs old. I am from Uniondale, IN. I have completed my years in 4-H, but I am still very active in the Junior and Open Red Poll shows. I have been showing Red Polls since I was allowed too!

My family is very active in raising and showing the Red Poll breed. My great uncle Bill and aunt Teresa Jackson have the main farm in Greens Fork, IN. My grandparents, Gordon and Marie Jackson, are in charge of the Indiana State Fair Red Poll booth and my grandpa is the Indiana State Fair open show superintendent and also Secretary/Treasurer of the Indiana Red Poll Association. Then there is my dad Jim and his sister Dawn and her husband Chuck Nunan. Then you have the grandkids: Megan, Skyler and Lindsey Jackson, and Kendra and Alex Nunan. Then there is our ever-loveable uncle, Joe Jackson. He teaches us so much. He is at every show helping us groom and clip and giving us some last minute pointers before we head off to the show ring.

As you can tell, showing Red Polls it is very much a family affair for us Jacksons. We love meeting all the new juniors that come to the shows and we like to think of it as adding another member to our lovely Red Poll family. I love showing and representing the Red Poll Breed! I am looking forward to seeing all the familiar faces at the Junior Preview Show in Coffeetown, Kansas this June and hopefully, also some new ones! See you all there!

Pssstttt..... We're goin' to the Roundup in Little Rock!

Red Poll “Performance” in Ft. Smith

By: Wayne Fish

If the old adage, ‘Beauty is only skin deep’, is true of us humans, then is it true of our Red Poll cattle? Red Poll breeders have pondered this question for years. Marshall Mohler, John Rager, and Bill Wiese have long been strong advocates for measuring performance. Marshall Mohler probably said it best with “You don’t know what’s on the inside until you open it up”.

Until now, carcass quality could only be predicted for breeding stock by evaluating the carcass quality of their steer offspring and/or siblings. The application of ultrasound measurements on live animals offers the potential to evaluate all breeding stock directly and in real time. A strong proponent of this emerging technology was Steve Scott, and with his encouragement, a small group of breeders set out to incorporate a performance show in conjunction with a regular Red Poll show. The venue chosen was the Arkansas/Oklahoma State Fair in Ft. Smith, Arkansas. The Fair officials were highly cooperative in helping us set up this “Red Poll Performance Show” in addition to the regular show-ring visual appearance show. Five breeders from Kansas and Oklahoma participated in the combined shows with a total of twenty animals participating in both competitions.

Animals were weighed and ultra-sounded on the day before the show. The data were then tabulated and evaluated overnight in time for the judging show the next day. The factors of weight per day of age, loin eye area per one hundred pounds live weight, marbling (intramuscular fat percentage), and back fat thickness were compared among animals in each appearance show class. A software program developed for pre-slaughter grading of steers was slightly modified for application to the breeding stock.

Awards were presented for two competitions: the usual visual appearance judging show and the performance (gain + carcass quality) show. From the animals’ performances in these two shows, a Supreme Champion Female and a Supreme Champion Male were chosen. The Grand Champions in the Visual Appearance Show were: Female, *G.S. Century Patsy II* (Kim Scott) and Bull, *KS Rockstar* (Kim Scott). The Grand Champions in the Performance Show were: Female, *CFF 94* (Matt Case) and Bull, *KS Rockstar* (Kim Scott). The Supreme Champion Female of the show was *CFF 94* bred and owned by Matt Case. The Supreme Champion Bull of the show was *KS Rockstar* bred and owned by Kim Scott. Congratulations to these champions and congratulations to all who participated in this ground-breaking event. ■

2011 Red Poll World Congress – United Kingdom

The steering group consisting of Richard Dawes, Terina Booker, Terry Mancey and Stephen and Yvonne Prescott has been hard at work with planning the Congress and Tour which will run from May 28th to June 15th 2011. The theme will be **The Red Poll-It’s Place in a Changing Agricultural Environment**. The Tour will start in London before moving to Suffolk and Norfolk visiting prime Red Poll herds and other attractions and will focus on the Suffolk Show now the premier show for Red Poll cattle. The party will then move to the historic city of York for the Congress before visiting herds on the western side of the country. We hope to send out a detailed programme in May 2010 with booking forms going out in November. We look forward to welcoming our Red Poll breeder friends from around the World.

66th National Red Poll Sale Averages \$1,253

Auctioneer Hoover Case, Marshfield, Missouri, rapped the gavel before a large and enthusiastic group of buyers as the 66th National Red Poll Sale grossed \$33,625 on 29 consigned lots. The sale took place at the Missouri State Fairgrounds, Sedalia, Missouri on October 25, 2009. The top consignors were Jackson Farms, Greensfork, IN with four lots averaging \$1,075 and Parkstyle Cattle Company, Crawfordsville, IN with four lots that averaged \$1,175.

Top Selling Bulls were:

Shuter Sunset Farms

If you are looking for genetics that will work in a grass fed program,
be sure to come to the Kentucky Beef Expo and check out our consignments.

Shuter's Laredo is a very thick, moderate framed, good structured, October 08 born
son of Shuter's Tuff Enuff, out of a very good first calf heifer from Wiese Farms.

Our other consignment, Shuter's Della, is a moderate framed female out of Tuff Enuff and
a good first calf heifer from Wiese Farms that was born in October 08 as well. We have pasture
exposed her to Shuter's Bellamy, the result of our importation of some Balla Balla Bellamy semen
from Australia. Our Tuff Enuff daughters are making some really great females and here's a
good opportunity to be the first to sample these new Australian genetics.

We would like to take this opportunity to thank Ken Harwell for his wonderful service and guidance over the years,
and to welcome John and Gennie Gerow to our Red Poll Family. With the recent changes in the Association,
we feel that we are ready to build on the great foundation our breeders have developed and
to take our breed back to a prominent place in the beef industry.

Grass Raised Steer Wanted!!

I am looking for a steer that can be butchered within the next few months that has been raised / finished on grass.

I have been contacted by a gentleman in Spokane WA that is trying to market grass finished Red Poll beef to a restaurant chain in the NW United States. He is looking for a steer to butcher so they can try our wonderful Red Poll beef. This could open up a whole new market for our Red Poll calves if this goes through.

If anyone has a grass fed / finished steer please let me know so I can put you in touch with this gentleman.

Thanks - John Droz 918-214-3037
