Dear Friends,

Welcome to the 39th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend of March.

Over the years, we've seen ups and downs in the beef cattle market. But despite challenges, the industry is still in the top five for Kentucky agriculture, with the latest figures showing gross receipts from the production of cattle totaling \$1.28 billion.

Agriculture across Kentucky saw some unique challenges in 2024, but the cattle markets showed resilience. Cattle cash receipts rank fifth among Kentucky commodities and account for 13 percent of the total ag cash receipts for the state, which economists from the University of Kentucky anticipate will be near the \$8.3 billion record mark set in 2022.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 31,000 farms with beef cattle, solidifies cattle among Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is the backbone of our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Welcome to the 2025 Kentucky Farm Bureau Beef Expo

For many years, Kentucky's cattle industry has grown to the point that it is the eighth largest cattle producing state in the country and the largest east of the Mississippi which helps this sector of the agriculture industry to be a major economic driver for farm families across the state.

Working in conjunction with the Kentucky Department of Agriculture, the Kentucky Farm Bureau (KFB) Beef Expo continues to promote our cattle industry which now represents nearly 20 percent of the state's total farm cash receipts, according to 2024 projections.

This event helps to showcase the industry and is one of the premiere venues to buy, sell, and show some of the best livestock in the country.

The KFB Beef Expo has a rich history with its origins dating back to 1947 when it began as the Kentucky Angus Sweepstakes. Since then, many changes have taken place, but the purpose is still the same; to showcase the best cattle and highlight an industry so important to farm families across the state.

This year's Expo features six different breed associations and will feature a pen sale, as producers from multiple states make their way to the Kentucky Fair and Expo Center for the event.

Much of the success of our cattle sector is due to the dedication of our farm families and the work each breed association has made to move forward in production, and quality. The KFB Beef Expo is a great place to see the results of those continuing efforts.

I hope you have a successful Expo and a great year on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

How many times do you get the chance to pick between two full sisters at a sale? How often are those full sisters twins? Here is what we think is a unique opportunity to get two heifers that are out of a good cow family that has done our herd a lot of good, and sired by Red Oak LJ Chief R02, a bull that is no longer around but did a whole lot good for AK Cattle and Young Farms, and us with limited use. Chief sired the Champion Bull at the 2024 North American for us and we have retained a really nice heifer sired by Chief that has us excited for next year when she calves. Since Martina and Annie are twins, they have their similarities but I think that they are uniquely different. They are both functional, good moving, easy doing type of cattle. Both are bred to Parkstyle Bentley for September 2025 calves. Make sure to come check them out in the pens at the Beef Expo and decide which one fits your program the best.
